About the Initiatives

1. Swachhata Hi Seva (SHS) 2026

Swachhata Hi Seva (SHS) is a nationwide campaign that encourages citizens, educational institutions, and communities to actively participate in cleanliness and environmental sustainability initiatives. The campaign emphasises voluntary participation, collective responsibility, and the adoption of sustainable practices to achieve the vision of a clean and developed India.

The 2026 campaign, under the theme "Swachhata Mein Sahbhag; Swachh Bharat, Viksit Bharat," highlights the importance of Jan Bhagidari (public participation) in achieving lasting improvements in cleanliness and sanitation. Its focus includes cleanliness drives, plantation, CTU beautification, waste management awareness, and community engagement.

At MNIT Jaipur, the activities undertaken through NSS Club reflected these objectives through campus cleanliness drives, plantation initiatives, awareness campaigns, creative competitions, and educational outreach, encouraging students to translate environmental awareness into meaningful action.

2. Special Campaign 6.0 (SCDPM 6)

Special Campaign 6.0 is a Government of India initiative focused on institutionalising cleanliness, improving administrative efficiency, and reducing pendency in government offices and public institutions. The implementation phase runs from 2 October to 31 October 2026, with an emphasis on systematic workplace management and responsible resource utilisation.

The campaign focuses on efficient record management, timely disposal of pending matters, scientific disposal of scrap and e-waste, improved space utilisation, and the development of clean, green, and organised institutional environments. It also encourages sustainable practices that can be continued beyond the campaign period.

At MNIT Jaipur, initiatives documented under SCDPM 6 support these objectives through cleanliness activities, waste-to-art initiatives, environmental awareness, and educational visits related to waste management, promoting a more organised and sustainable campus.

About MNIT Jaipur and NSS Club

Malaviya National Institute of Technology (MNIT) Jaipur is a premier technical institution established in 1963 as Malaviya Regional Engineering College. It was granted National Institute of Technology status in 2002 and recognised as an Institute of National Importance in 2007. Located in Jaipur, Rajasthan, the institute promotes academic excellence, research, and holistic student development.

The NSS Club, MNIT Jaipur provides students with opportunities to participate in social service, community outreach, environmental awareness, and public welfare initiatives. Guided by the motto “Not Me, But You,” the club encourages civic responsibility, teamwork, and service to society.

Through initiatives such as cleanliness drives, plantation, door-to-door awareness campaigns, creative competitions, school outreach, and waste management activities, NSS volunteers contribute to a cleaner and greener campus while promoting responsible environmental practices and community participation. These efforts reflect the club's commitment to translating awareness into action and fostering a culture of service and sustainability.

1. Beyond Doorsteps: Swachhata Through Jan Bhagidari

Event Overview

Name: Beyond Doorsteps: Swachhata Through Jan Bhagidari
Date: 27th September 2026
Venue: Faculty Residential Areas, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026, MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur, organised a door-to-door awareness drive across faculty residential areas. The initiative aimed to promote responsible waste management, cleanliness, and environmental consciousness through direct interaction with residents.

Objectives of the Event

- To raise awareness about waste segregation and responsible waste disposal.
- To encourage the reduction of single-use plastics and the use of reusable cloth bags.
- To promote community participation in cleanliness initiatives..
- To encourage residents to share suggestions and concerns regarding waste management.

Event Details and Execution

- Door-to-Door Awareness: NSS volunteers visited 50+ faculty residences to spread awareness about cleanliness and responsible waste management.
- Waste Management Awareness: Residents were informed about waste segregation, proper waste disposal, and reducing single-use plastics.
- Sustainable Practices: Volunteers encouraged residents to adopt reusable cloth bags and incorporate environmentally responsible habits into their daily lives.
- Community Interaction: Residents were invited to share their suggestions and concerns regarding cleanliness and waste management.
- Jan Bhagidari: The initiative highlighted the importance of collective responsibility and active public participation in building a cleaner campus community.

Feedback and Success

Outcomes recorded for the event included engagement with more than 50 faculty residences, increased awareness of waste segregation and sustainable practices, and encouragement of community participation in maintaining cleanliness.

Overall Outcome

The Beyond Doorsteps: Swachhata Through Jan Bhagidari initiative reinforced the idea that cleanliness is a shared responsibility. Through direct interaction with residents, the drive

promoted sustainable habits and active community participation, supporting the vision of “Swachh Bharat, Viksit Bharat.”

2. Express Yourself: A Platform for Creative Expression

Event Overview

Name: Express Yourself
Date: 30th September 2026
Time: 4:00 PM – 6:00 PM
Venue: VLTC L006, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026, the NSS Club, MNIT Jaipur, organised “Express Yourself” to encourage students to showcase their talents and spread awareness about cleanliness and responsible living. The event provided a platform for participants to express their thoughts and inspire positive change through creative performances and meaningful messages.

Objectives of the Event

- To promote awareness about cleanliness and responsible living through creative expression.
- To provide students with a platform to showcase their talents.
- To encourage innovative thinking and effective communication.
- To inspire responsible behaviour and environmental awareness among students.

Event Details and Execution

- Student Participation: The event witnessed participation from 30+ students, who showcased their creativity and communication skills.
- Creative Performances: Participants expressed their ideas through poetry, speeches, storytelling, songs, stand-up comedy, and myth-versus-reality presentations.
- Time-Bound Expression: Each participant was given 90 seconds to present their thoughts, encouraging concise communication and impactful messaging.
- Swachhata Awareness: Participants used their performances to share messages about cleanliness, responsible living, and positive social change.
- Volunteer Coordination: NSS volunteers facilitated the event and encouraged participants to use creativity as a means of spreading awareness.

Feedback and Success

Outcomes recorded for the event included participation from more than 30 students, encouragement of creative expression and communication skills, and the promotion of cleanliness awareness through engaging and thought-provoking performances.

Overall Outcome

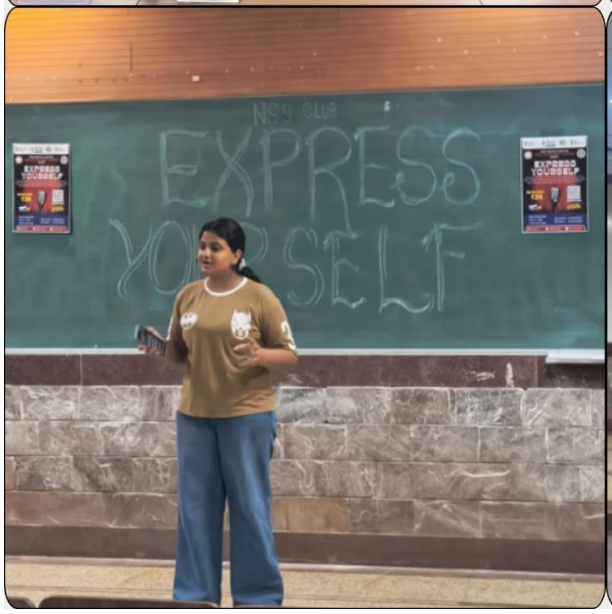

The “Express Yourself” event successfully combined talent, creativity, and social awareness under Swachhata Hi Seva 2026. By providing students with a platform to communicate meaningful messages through diverse performances, the initiative reinforced the idea that individual voices and creative expression can inspire positive change towards a cleaner and more responsible society.

3. Greener Spaces, Cleaner Places: CTU Beautification & Plantation Drive

Event Overview

Name: CTU Beautification & Plantation Drive
Date: 1st October 2026
Venue: MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, the NSS Club, MNIT Jaipur, organised a CTU Beautification and Plantation Drive across the institute campus. The initiative aimed to promote environmental sustainability, expand green cover, and improve campus cleanliness through collective participation, supporting the vision of a cleaner, greener, and more organised institutional environment.

Objectives of the Event

- To promote environmental awareness and sustainable practices among students.
- To enhance campus cleanliness through CTU beautification activities.
- To contribute to expanding the campus's green cover through plantation.
- To encourage collective responsibility and active community participation.
- To support the development of clean, green, and well-maintained institutional spaces under SCDPM 6.

Event Details and Execution

- Plantation Drive: More than 15 saplings were planted at designated campus locations, with participation from over 35 individuals.
- CTU Beautification: Cleanliness and beautification activities were conducted at various Cleanliness Target Units (CTUs) across the campus, with more than 60 participants.
- Volunteer Participation: Students and volunteers actively contributed to improving the campus environment through coordinated efforts.
- Environmental Sustainability: The initiative highlighted the importance of expanding green cover, maintaining clean surroundings, and adopting sustainable practices.
- Institutional Cleanliness: The drive supported the objectives of SCDPM 6 by promoting cleaner, greener, and better-maintained campus spaces.

Feedback and Success

Outcomes recorded for the event included the plantation of more than 15 saplings, active participation in CTU cleanliness and beautification activities, and increased awareness of environmental sustainability and collective responsibility.

Overall Outcome

The CTU Beautification and Plantation Drive successfully promoted cleanliness, greenery, and environmental responsibility across MNIT Jaipur. Through plantation and collective efforts to improve campus spaces, the initiative reinforced the importance of Jan Bhagidari in building a cleaner and greener campus.

4. Ek Din, Ek Ghanta, Ek Saath: United for a Cleaner Campus

Event Overview

Name: Ek Din, Ek Ghanta, Ek Saath – Shramdaan Cleanliness Drive
Date: 1st October 2026
Time: 8:00 AM
Venue: Designated Areas, MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026, under the direction of the Ministry of Education (MoE), the NSS Club, MNIT Jaipur, organised a campus-wide Shramdaan cleanliness drive on 1st October 2026 under the initiative "Ek Din, Ek Ghanta, Ek Saath." The drive aimed to promote cleanliness, responsible waste management, and collective participation in maintaining a clean and hygienic campus.

Objectives of the Event

- To promote cleanliness and hygiene across the institute campus.
- To encourage collective participation through Shramdaan.
- To foster civic responsibility and environmental awareness.
- To promote responsible waste management practices.
- To reinforce the spirit of Jan Bhagidari in maintaining a clean campus.

Event Details and Execution

- Collective Shramdaan: More than 70 participants, including NSS volunteers, students, faculty members, and staff, participated in the campus-wide cleanliness drive.
- Campus Cleanliness: Participants worked together to clean designated areas of the institute, contributing to a cleaner and more hygienic environment.
- Responsible Waste Management: The activity highlighted the importance of proper waste handling and responsible disposal practices.
- Jan Bhagidari: The initiative encouraged collective responsibility and active participation in maintaining campus cleanliness.

Feedback and Success

Outcomes recorded for the event included participation from more than 70 individuals, improved cleanliness in designated campus areas, and increased awareness of responsible waste management and collective responsibility.

Overall Outcome

The “Ek Din, Ek Ghanta, Ek Saath” cleanliness drive successfully promoted the spirit of Shramdaan and Jan Bhagidari. Through the collective efforts of students, faculty, staff, and NSS volunteers, the initiative reinforced the message that maintaining a clean institutional environment is a shared responsibility.

Event Photos

5. Transformation of Cleanliness Target Units (CTUs): Clean Public Places – CTU Cleanup Drive

Event Overview

Name: Transformation of Cleanliness Target Units (CTUs) – CTU Cleanup Drive
Venue: Designated Cleanliness Target Units (CTUs), MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur
Campaigns: Swachhata Hi Seva (SHS) 2026 and Special Campaign 6.0 (SCDPM 6)

Introduction

The NSS Club, MNIT Jaipur, undertook a comprehensive cleanliness and beautification initiative across multiple Cleanliness Target Units (CTUs) within the institute campus. The initiative focused on improving cleanliness, hygiene, and the overall appearance of designated public spaces while encouraging students and the campus community to contribute towards a clean and sustainable environment.

Objectives of the Event

- To improve cleanliness and hygiene across designated CTUs on campus.
- To enhance the physical appearance of public and institutional spaces.
- To encourage active participation in cleanliness and beautification activities.
- To promote environmental responsibility and sustainable campus practices.
- To support the objectives of SHS 2026 and SCDPM 6 through improved campus cleanliness.

Event Details and Execution

The cleanup drive covered the following designated locations across the MNIT Jaipur campus:

1. Central Canteen
2. Area near Hostel Office
3. VLTC
4. Road between Hostel Office and H3
5. Area near MNIT Temple
6. Area near Sports Complex
7. Area near Football Ground
8. Department Areas
9. Area near MIIC
10. Area near Library
11. Aurobindo Hostel

- Campus-Wide Cleanliness: NSS volunteers undertook cleanliness activities across designated CTUs to improve hygiene and maintain organised surroundings.
- Beautification Initiative: The drive focused on improving the physical appearance of campus spaces and promoting a cleaner institutional environment.
- Community Responsibility: The initiative encouraged students and the wider campus community to contribute towards maintaining cleanliness and sustainability.
- Campaign Alignment: The drive supported the objectives of SHS 2026 and SCDPM 6 by promoting cleaner, greener, and better-maintained campus spaces.

Feedback and Success

Outcomes recorded for the initiative included cleanliness efforts across multiple designated CTUs, a focused approach towards improving campus hygiene and appearance, and increased emphasis on collective responsibility for maintaining public spaces.

Overall Outcome

The CTU Cleanup Drive represented a coordinated effort by the NSS Club, MNIT Jaipur, to improve campus cleanliness and beautification. By focusing on designated locations across the institute, the initiative supported the objectives of Swachhata Hi Seva 2026 and Special Campaign 6.0, reinforcing the importance of collective responsibility in maintaining a clean, organised, and sustainable campus.

6. Colours of Change: Rangoli for Swachhata

Event Overview

Name: Colours of Change – Rangoli Competition
Date: 2nd October 2026
Venue: VLTC Front Porch, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur, organised the Rangoli Competition under the initiative of Jan Bhagidari for Swachhata. The event encouraged students to express their creativity while spreading awareness about cleanliness, environmental responsibility, and community participation.

Objectives of the Event

- To promote awareness about cleanliness through creative expression.
- To encourage teamwork and collaboration among participants.
- To strengthen public participation in cleanliness initiatives.
- To promote environmental responsibility and sustainable practices.
- To encourage creative engagement in institutional cleanliness initiatives under SCDPM 6.

Event Details and Execution

- Creative Participation: The competition witnessed participation from more than 120 individuals working in groups to create vibrant and meaningful Rangoli designs.
- Theme-Based Artwork: Participants created Rangoli designs reflecting the theme “Swachhata Mein Sahbhag; Swachh Bharat, Viksit Bharat.”
- Teamwork and Creativity: The activity encouraged collaboration, artistic expression, and collective participation among students.
- Awareness Through Art: The Rangoli designs communicated messages related to cleanliness and community responsibility.
- Campaign Alignment: The event supported SHS 2026 and SCDPM 6 by promoting cleanliness awareness, public participation, and a shared commitment to maintaining clean surroundings.

Feedback and Success

Outcomes recorded for the event included participation from over 120 individuals, promotion of cleanliness awareness through creative expression, strengthened teamwork, and increased engagement in cleanliness initiatives and the spirit of Jan Bhagidari.

Overall Outcome

The Colours of Change: Rangoli for Swachhata initiative successfully combined creativity with social awareness. Through meaningful artwork and collective participation, the event reinforced the importance of cleanliness, environmental responsibility, and community engagement, supporting the objectives of SHS 2026 and SCDPM 6.

7. A Pledge for Change: Swachhata Diwas

Event Overview

Name: A Pledge for Change – Swachhata Diwas
Date: 2nd October 2026
Venue: Deeksha Sabhagar, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur, observed Swachhata Diwas at Deeksha Sabhagar. The programme aimed to promote cleanliness, hygienic practices, responsible waste management, and collective responsibility while recognising the contributions of participants in various Swachhata Hi Seva activities.

Objectives of the Event

- To encourage students to adopt cleanliness and hygienic practices.
- To promote awareness of responsible waste management and environmental protection.
- To reinforce collective responsibility towards maintaining a clean campus.
- To recognise and appreciate participants for their contributions to Swachhata initiatives.

Event Details and Execution

- Swachhata Pledge Ceremony: The programme began with a pledge encouraging participants to maintain cleanliness, adopt hygienic practices, and contribute towards a healthier campus and community.
- Awareness Activity: Participants were sensitised to responsible waste management, environmental protection, and the importance of collective responsibility.
- Felicitation Ceremony: Certificates were distributed to participants, and winners of various Swachhata Hi Seva activities were awarded prizes for their achievements and creative contributions.
- Student Participation: More than 90 students participated in the programme, demonstrating their engagement with cleanliness and environmental awareness initiatives.
- Campaign Alignment: The event reinforced the objectives of SHS 2026 and SCDPM 6 by promoting cleanliness, institutional responsibility, and active participation.

Feedback and Success

Outcomes recorded for the event included participation from more than 90 students, strengthened awareness of cleanliness and responsible waste management, and recognition of participants for their contributions to various Swachhata Hi Seva activities.

Overall Outcome

The Swachhata Diwas programme successfully combined awareness, commitment, and recognition to reinforce the importance of cleanliness and environmental responsibility. Through the pledge ceremony and felicitation of participants, the event supported the objectives of SHS 2026 and SCDPM 6, encouraging sustained efforts towards a cleaner and more organised campus.

8. Swachh Paathshala: Yuva for Swachhata

Event Overview

Name: Swachh Paathshala – Yuva for Swachhata
Date: 9th October 2026
Venue: MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur
Participating Schools: Navodaya Vidyalaya, Pavta; Kendriya Vidyalaya, Nasirabad; Mahatma Gandhi Government School, Gator
Number of Participants: Approximately 300 school students

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, under the direction of the Ministry of Education (MoE), NSS Club, MNIT Jaipur, organised a campus tour for approximately 300 students from three schools. The initiative aimed to provide exposure to the academic environment and infrastructure of MNIT Jaipur while promoting educational outreach, environmental awareness, and community engagement.

Objectives of the Event

- To introduce school students to the academic environment and facilities of MNIT Jaipur.
- To encourage curiosity about higher education and future academic opportunities.
- To provide students with learning experiences beyond the classroom.
- To promote environmental awareness and responsible citizenship among young learners.
- To strengthen educational outreach and community engagement.

Event Details and Execution

- School Participation: Approximately 300 students from Navodaya Vidyalaya, Pavta; Kendriya Vidyalaya, Nasirabad; and Mahatma Gandhi Government School, Gator, participated in the campus tour.
- Campus Familiarisation: Students were introduced to the academic environment, infrastructure, and facilities of MNIT Jaipur.
- Educational Exposure: The visit provided students with an opportunity to experience a technical institution and gain insights into higher education.
- Interactive Learning: The initiative encouraged curiosity, broadened students' perspectives, and connected classroom learning with practical exposure.
- Campaign Alignment: The activity supported the objectives of SHS 2026 and SCDPM 6 by promoting awareness, community engagement, and educational outreach.

Feedback and Success

Outcomes recorded for the event included educational exposure for approximately 300 school students, increased awareness of higher education opportunities, and strengthened engagement between MNIT Jaipur and the participating schools.

Overall Outcome

The Swachh Paathshala: Yuva for Swachhata initiative successfully connected school students with the academic environment of MNIT Jaipur. Through this educational outreach programme, the NSS Club promoted curiosity, learning beyond the classroom, and community engagement while supporting the broader objectives of SHS 2026 and SCDPM 6.

9. Kabaad Se Kala: Turning Waste into Art

Event Overview

Name: Kabaad Se Kala – Waste to Art
Date: 2nd October 2026
Venue: MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, under the direction of the Ministry of Education (MoE), the NSS Club, MNIT Jaipur, organised a Waste to Art activity under the initiative "Swachhata Se Samriddhi." The event aimed to promote creativity, reuse, and responsible waste management by encouraging participants to transform discarded materials into useful and artistic creations.

Objectives of the Event

- To promote reuse and upcycling of discarded materials.
- To encourage creativity and innovation in waste utilisation.
- To raise awareness about responsible waste management.
- To highlight the potential of waste as a valuable resource.
- To promote sustainable environmental practices within the campus community.

Event Details and Execution

- Creative Transformation: Participants transformed discarded materials such as newspapers, paper, and packaging into creative artworks.
- Waste Utilisation: The activity demonstrated how materials commonly considered waste could be repurposed into meaningful creations.
- Innovation and Creativity: Participants explored creative approaches to reusing materials while expressing their artistic abilities.
- Environmental Awareness: The activity highlighted the importance of reducing waste and adopting responsible disposal and reuse practices.
- Campaign Alignment: The initiative supported SHS 2026 and SCDPM 6 by promoting resourcefulness, waste utilisation, and environmental responsibility.

Feedback and Success

Outcomes recorded for the event included increased awareness of reuse and upcycling, encouragement of creative waste utilisation, and promotion of responsible waste management practices through artistic expression.

Overall Outcome

The Kabaad Se Kala: Turning Waste into Art initiative successfully combined creativity with environmental awareness. By demonstrating the potential of discarded materials to become valuable artworks, the activity reinforced the importance of reuse, upcycling, and sustainable resource utilisation, supporting the objectives of SHS 2026 and SCDPM 6.

10. Special Campaign 6.0: Towards a Cleaner, More Efficient Campus

Event Overview

Name: Special Campaign 6.0 – Campus Cleanliness and Administrative Efficiency Initiative
Date: 2nd October 2026
Venue: MNIT Jaipur Campus
Organizing Body: MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur

Introduction

Under the direction of the Ministry of Education (MoE), MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur, participated in the implementation phase of Special Campaign 6.0, running from 2nd to 31st October 2026. The initiative aims to institutionalise cleanliness, improve administrative efficiency, and promote the timely disposal of pending matters while encouraging responsible resource utilisation across the campus.

Objectives of the Event

- To promote cleanliness and organised institutional spaces.
- To encourage efficient record management and timely disposal of pending matters.
- To promote the scientific disposal of scrap and electronic waste.
- To improve the utilisation and maintenance of institutional resources.
- To encourage community participation in building a cleaner and more sustainable campus.

Event Details and Execution

- Institutional Cleanliness: The campaign emphasised maintaining clean, organised, and well-managed institutional spaces across the campus.
- Record Management: Efficient management of institutional records and the timely disposal of pending matters were identified as key focus areas.
- Scrap and E-Waste Management: The initiative highlighted the importance of scientific disposal of scrap and electronic waste to promote responsible resource utilisation.
- Campus Sustainability: Cleanliness, awareness, and waste management activities encouraged sustainable practices within the campus community.
- Community Participation: NSS Club contributed towards promoting awareness and collective responsibility for maintaining a clean, green, and efficient institutional environment.

Feedback and Success

Outcomes recorded for the initiative included strengthened awareness of institutional cleanliness, emphasis on efficient resource and record management, promotion of responsible scrap and e-waste disposal, and encouragement of collective participation in maintaining organised campus spaces.

Overall Outcome

Special Campaign 6.0 provided a framework for promoting institutional cleanliness, administrative efficiency, and sustainable resource management at MNIT Jaipur. Through awareness and campus-level initiatives, the campaign reinforced the importance of maintaining clean, organised, and environmentally responsible institutional spaces.

11. Swachhata Se Samriddhi: STP Educational Visit

Event Overview

Name: Swachhata Se Samriddhi – STP Educational Visit
Date: 10th October 2026
Venue: Sewage Treatment Plant (STP), MNIT Jaipur
Organizing Body: MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur
Participating Students: Students of MNIT School

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, under the direction of the Ministry of Education (MoE), MNIT Jaipur, in collaboration with NSS Club, MNIT Jaipur, organised an educational visit to the Sewage Treatment Plant (STP) for students of MNIT School. The visit aimed to familiarise students with wastewater treatment processes, solid waste management, and sustainable environmental practices through practical exposure.

Objectives of the Event

- To introduce students to wastewater treatment and its practical applications.
- To familiarise students with the functioning of STP machinery and infrastructure.
- To promote awareness of solid waste management and water conservation.
- To connect classroom learning with real-world environmental practices.
- To encourage responsible environmental behaviour among young learners.

Event Details and Execution

- STP Familiarisation: Students visited the Sewage Treatment Plant to gain first-hand insights into wastewater treatment processes.
- Machinery and Infrastructure: Students learned about the functioning of the plant's machines, tanks, pumps, and treatment chemicals.
- Waste Management Awareness: The visit introduced students to solid waste management and sustainable environmental practices.
- Practical Learning: The activity connected theoretical knowledge with real-world applications, helping students understand the importance of wastewater treatment and resource management.
- Campaign Alignment: The initiative supported SHS 2026 and SCDPM 6 by promoting environmental awareness, responsible waste management, and sustainable institutional practices.

Feedback and Success

Outcomes recorded for the event included improved understanding of wastewater treatment processes, increased awareness of solid waste management and water conservation, and meaningful practical learning through exposure to the functioning of the STP.

Overall Outcome

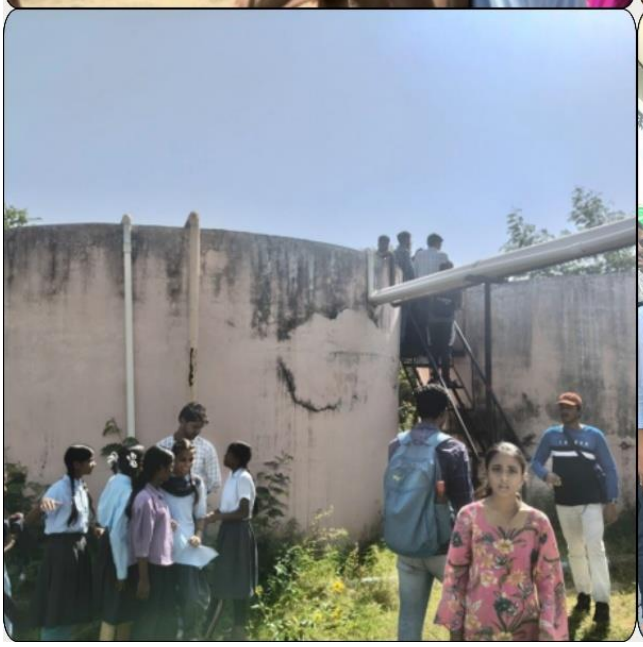

The Swachhata Se Samriddhi: STP Educational Visit provided students with valuable practical exposure to wastewater treatment and environmental management. The initiative strengthened awareness of water conservation, responsible waste management, and sustainable practices, supporting the objectives of SHS 2026 and Special Campaign 6.0.

12. Safai Mitra Health Check-Up Camp

Event Overview

Name: Safai Mitra Health Check-Up Camp
Date: 13th October 2026
Venue: Campus Dispensary near OAT, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, under the direction of the Ministry of Education (MoE), the NSS Club, MNIT Jaipur, organised a health check-up camp for Safai Mitras (sanitation workers) at the campus dispensary near OAT. The initiative aimed to support the health and well-being of sanitation workers who play an essential role in maintaining cleanliness and hygiene across the campus.

Objectives of the Event

- To promote the health and well-being of Safai Mitras.
- To facilitate access to health check-ups and medical consultation.
- To recognise the contribution of sanitation workers to campus cleanliness and hygiene.
- To promote dignity, care, and community welfare through meaningful support initiatives.

Event Details and Execution

- Health Check-Ups: Safai Mitras underwent health check-ups at the campus dispensary near OAT.
- Medical Consultation: Participants received medical consultation based on their health check-ups.
- Prescription and Medicines: Following consultation, prescriptions were provided and medicines were distributed accordingly.
- Community Welfare: The initiative highlighted the importance of supporting the people who contribute daily to maintaining a clean and hygienic campus.
- Campaign Alignment: The activity supported the objectives of SHS 2026 and SCDPM 6 by promoting the well-being and dignity of sanitation workers alongside campus cleanliness initiatives.

Feedback and Success

Outcomes recorded for the event included the provision of health check-ups and medical consultations for Safai Mitras, distribution of prescribed medicines, and strengthened recognition of the importance of sanitation workers' health and well-being.

Overall Outcome

The Safai Mitra Health Check-Up Camp reflected the NSS Club's commitment to community welfare, dignity, and inclusive well-being. By facilitating medical check-ups and providing prescribed medicines, the initiative recognised the essential contribution of sanitation workers and reinforced the importance of supporting their health while building a cleaner and healthier campus.

13. Swachhata Ki Paathshala: Promoting Cleanliness and Hygiene

Event Overview

Name: Swachhata Ki Paathshala
Date: 17th October 2026
Venue: Government School, MNIT Jaipur
Organizing Body: NSS Club, MNIT Jaipur

Introduction

As part of Swachhata Hi Seva 2026 and Special Campaign 6.0, the NSS Club, MNIT Jaipur, organised “Swachhata Ki Paathshala” at Government School, MNIT Jaipur. The initiative aimed to educate school students about personal hygiene, waste segregation, cleanliness, and sanitation through interactive learning sessions, encouraging them to adopt responsible hygiene practices in their daily lives.

Objectives of the Event

- To raise awareness about personal hygiene and sanitation among school students.
- To educate students about proper waste segregation and disposal.
- To encourage cleanliness and hygienic practices in everyday life.
- To promote environmental responsibility among young learners.
- To strengthen community outreach through educational awareness activities.

Event Details and Execution

- Student Participation: The initiative witnessed the participation of more than 120 students from Government School, MNIT Jaipur.
- Interactive Awareness Sessions: Students were engaged in learning activities focused on cleanliness, personal hygiene, and sanitation.
- Waste Segregation Awareness: The sessions highlighted the importance of segregating waste and disposing of it responsibly.
- Healthy Habits: Students were encouraged to incorporate hygienic practices and cleanliness into their daily routines.
- Community Outreach: The initiative provided an opportunity for NSS volunteers to promote awareness and responsible behaviour among young learners.

Feedback and Success

Outcomes recorded for the event included engagement with more than 120 school students, increased exposure to personal hygiene and sanitation practices, and promotion of responsible waste segregation and cleanliness habits.

Overall Outcome

The “Swachhata Ki Paathshala” initiative served as an educational outreach effort to promote cleanliness, hygiene, and environmental responsibility among school students. By encouraging young learners to adopt healthy habits and responsible waste management practices, the event supported the objectives of Swachhata Hi Seva 2026 and Special Campaign 6.0.

14. E-Waste Collection Drive

Event Overview

Name: E-Waste Collection Drive
Date: 22nd to 27th October 2026
Venue: MNIT Jaipur Campus
Organizing Body: NSS Club, MNIT Jaipur

Introduction

The NSS Club, MNIT Jaipur, organised an E-Waste Collection Drive under Special Campaign 6.0 from 22nd to 27th October 2026. The initiative aimed to promote responsible electronic waste disposal, raise awareness about its environmental impact, and encourage sustainable waste management practices among students.

Objectives of the Event

- To promote responsible disposal of electronic waste.
- To raise awareness about the environmental impact of improper e-waste disposal.
- To facilitate the systematic collection of discarded electronic items.
- To encourage proper waste segregation and sustainable practices among students.
- To support the objectives of Special Campaign 6.0 through responsible resource management.

Event Details and Execution

- Collection Points: Designated e-waste collection points were established at Prabha Bhawan, Acharya Bhawan, Aurobindo Hostel, Aravali Hostel, and Vinodini Hostel.
- Accepted Items: The drive accepted discarded mobile phones, chargers, cables, keyboards, computer peripherals, and other eligible electronic waste items.
- Student Participation: Students were encouraged to deposit their unused or discarded electronic items at the designated collection points.
- Responsible Waste Management: The initiative promoted systematic e-waste collection and highlighted the importance of appropriate disposal practices.
- Campaign Alignment: The drive supported Special Campaign 6.0 by encouraging environmental responsibility, sustainable waste management, and collective participation in maintaining a cleaner campus.

Feedback and Success

Outcomes recorded for the event included the establishment of collection points across the campus, convenient access to e-waste disposal facilities, and increased awareness of responsible electronic waste management and environmental sustainability.

Overall Outcome

The E-Waste Collection Drive successfully promoted responsible electronic waste management within the MNIT Jaipur campus community. By establishing designated collection points and encouraging students to contribute their discarded electronic items, the initiative supported the objectives of Special Campaign 6.0 and reinforced the importance of sustainable practices and collective environmental responsibility.

15. Waste to Resource: E-Waste to Innovation

Event Overview

Name: Waste to Resource – E-Waste to Innovation
Date: 28th October 2026
Organizing Body: NSS Club, MNIT Jaipur
Participants: 30+ students

Introduction

As part of Special Campaign 6.0 (SCDPM 6), directed by the Ministry of Education (MoE), NSS Club, MNIT Jaipur, organised the "Waste to Resource" activity to encourage students to transform discarded materials and electronic waste into creative and useful products. The initiative aimed to promote reuse, upcycling, creativity, and responsible e-waste management.

Objectives of the Event

- To encourage students to transform discarded materials and electronic waste into creative and useful products.
- To promote the principles of reuse, upcycling, and responsible e-waste management.
- To raise awareness about reducing electronic waste and adopting sustainable practices.
- To demonstrate how innovation and responsible reuse can turn discarded materials into useful resources.

Event Details and Execution

- Creative Upcycling: Students repurposed discarded CDs, electronic components, wires, and other e-waste to create innovative products.
- Hands-on Participation: The activity encouraged students to explore creative ways of reusing discarded materials and recognising their potential value.
- Awareness Building: The initiative highlighted the importance of reducing electronic waste and adopting environmentally responsible practices.
- Campaign Alignment: The event supported Special Campaign 6.0 by promoting sustainable resource management and responsible e-waste disposal.

Feedback and Success

Outcomes recorded for the event included participation by more than 30 students, the creation of innovative products using discarded materials, and increased awareness of reuse, upcycling, and responsible e-waste management. Group discussions were also conducted to encourage the exchange of ideas on e-waste reduction and sustainable practices.

Overall Outcome

The “Waste to Resource: E-Waste to Innovation” activity encouraged students to view discarded materials as potential resources. Through creative upcycling and group discussions, the event promoted innovation, environmental awareness, and responsible e-waste management in alignment with the objectives of Special Campaign 6.0.
