

**Chairman, EICT Academy &  
Director MNIT Jaipur**

Prof. Narayana Prasad Padhy

**Chief Investigator, EICT Academy**

Prof. Vineet Sahula, ECE

**Coordinator, EICT Academy**

Dr. Satyasai Jagannath Nanda, ECE

**Co- Chief Investigators, EICT Academy**

Prof. Lava Bhargava, ECE

Prof. Pilli Emmanuel Shubhakar, CSE

Dr. Ravi Kumar Maddila, ECE

**Objective (Electronics & ICT Academy-Phase II)**

1) To conduct specialized FDPs for faculty/mentor training in line with the vision of MeitY by promoting emerging areas of technology and other high-priority areas that are pillars of both the "Make in India" and the "Digital India" programs.

2) To promote synergy and collaboration with industry, academia, universities and other institutions of learning, especially in emerging technology areas.

3) To support the National Policy on Electronics 2019 (NPE 2019) which envisions positioning India as a global hub for ESDM sector, including MeitY Schemes/policies such as Programme for Semiconductors and Display Fab Ecosystem; India AI; National Programme on AI, Production Linked Incentive Scheme for IT Hardware & Large-Scale Electronics Manufacturing; EMC; SPECS; Chips to System (C2S); etc.

4) To promote standardization of FDPs through Joint Faculty Development Programmes.

5) To support the vision of the National Education Policy (NEP 2020), which mandates that Indian educators go through at least 50 hours in professional development programmes per year.

6) To design, develop & deliver specialised FDPs on emerging technologies/ niche areas/ specialised modules for specific research areas for Faculty in Higher Education Institutions (HEI), besides FDPs on multi-disciplinary areas connected with ICT tools and technologies and other digital hybrid domains, covering a wide spectrum of engineering and non-engineering colleges, polytechnics, ITIs, and PGT educators.

An intensive 40 Hours Training Programme in online mode is being organized for faculty and doctoral students of engineering and technological institutions. It is also open to working professionals from industry/organizations. The main theme of training program will be oriented around exploring the state of the art methods for Next-Gen Cybersecurity: Trends and Technologies.

**Experts/Speakers-** A blend of academic excellence from IITs, NITs, and IIITs, together with practical perspectives from industrial leaders.

**Programme Modules:**

**Module 1:** The AI Revolution (Offense & Defense): Agentic SOC Operations: Shifting from manual alert monitoring to overseeing AI security agents that automate incident correlation and response, Defending Against AI-Driven Social Engineering: Mitigating hyper-realistic vishing (voice clones) and deepfake video attacks, Securing the AI Pipeline: Techniques to prevent Prompt Injection and data poisoning in enterprise LLMs

**Module 2:** Zero Trust & Identity-First Security: Beyond the Perimeter: Implementing "Never Trust, Always Verify" across cloud, edge, and hybrid environments, Agentic Identity Management (IAM): Managing non-human identities and granting just-in-time permissions to AI agents, Passwordless Ecosystems: Deploying FIDO-based passkeys and behavioral biometrics to eliminate credential-based theft

**Module 3:** Quantum Readiness & Advanced Encryption: The Quantum Threat: Understanding "Harvest Now, Decrypt Later" risks and the timeline for cryptographic disruption, Transitioning to PQC: Implementing Post-Quantum Cryptographic algorithms (NIST standards) and achieving "crypto-agility, Confidential Computing: Protecting data-in-use within hardware-based Trusted Execution Environments (TEEs)

**Module 4:** Resilience & Emerging Attack Surfaces: Continuous Exposure Management (CEM): Moving beyond static annual audits to real-time, automated vulnerability validation, Supply Chain & SBOM: Managing the Software Bill of Materials to secure open-source dependencies and third-party tools, Cyber-Physical Systems (CPS): Securing IoT, 5G/6G infrastructure, and smart-grid technologies.

**Programme Coordinators:**

Dr. Vikash Kumar, Jt-PC	<a href="mailto:fdp.academy@mnit.ac.in">fdp.academy@mnit.ac.in</a>	8442862900 (M)
Prof. Gaurav Trivedi, IIT Guwahati, Jt-PC	Dr. Arks Srinivas, IIT Kanpur, PC	Prof. Sanjeev Manhas, IIT Roorkee, Jt-PC

**Registration:**

Registration is open to faculty, working professionals, industry persons, doctoral, postgraduate and graduate students from India and rest of the world. Participants will be admitted on first-come first-served basis. Register online at- (<http://online.mnit.ac.in/eict/>)

**Registration Fee:**

Mode of programme	Academia (faculty/Students): India/SAARC/Africa	Others: India/SAARC/Africa	Rest of the world
Online	Rs. 500/-	Rs. 1000/-	US \$ 60/-

- (A) Fee once paid will not be refunded back.
  - (B) The fee covers online participation in the programme, tutorial notes and examination, certification charges etc.
  - (C) The registration amount may be paid through online mode - NEFT / UPI / Cards / SWIFT, provided at the registration portal.
  - (D) Detailed schedule will be shared after receiving registration form.
- For queries, email us at [fdp.academy@mnit.ac.in](mailto:fdp.academy@mnit.ac.in)

**MNIT Jaipur** one of the oldest NITs, the institute has a rich heritage of sixty years producing world class engineers, managers, architects and scientists. Ranked 43rd nationally in the NIRF ranking-2024 (Engineering), the institute offers learning opportunities for undergraduate, postgraduate students, and researchers in various domains. Having a lush green campus of over 317 acres within the heart of the pink city, close to Jaipur International Airport, the campus offers a safe and lively environment. A world class teaching infrastructure, state-of-art laboratories welcome you at the campus. The institute has a vision to impart education of international standards and conduct research at the cutting edge of technology.
